Has the use existed since November 28, 1975? ☐ Yes ☐ No ☒ Unknown

Comments: The UAA survey was conducted in August 2008 and there were no WBCR observed. ATV tracks, a metal boat and rope swings were cited during the survey. No interviews were conducted during the 2008 UAA.

Is the evaluated use attainable? ☒ Yes ☐ No

Comments: The stream met the maximum depth for WBCR at 1 site. There was also a pool >1 m located near site #4. This pool was caused by a road crossing that had been built through the stream. Due to the evidence of WBCR and SCR use the committee recommends WBCR be retained and SCR be added.
